2021 ANNUAL REPORT CLARKE COUNTY HOSPITAL FOUNDATION

OUR LEADERSHIP

2021 COUNTY HOSPITAL FOUNDATION BOARD MEMBERS

PRESIDENT | BRIAN EVANS

VICE PRESIDENT | RON SCHLICHTE

SECRETARY/TREASURER | KIM WHITE

AUXILIARY PRESIDENT | JANET JORGENSEN

MEMBERS | ROSIE BRAND, DR. JIM KIMBALL, VICKY HALVORSEN

TOGETHER WE CAN MAKE A DIFFERENCE

FOUNDATION MISSION

To promote and advance the welfare of the Clarke County Hospital through ways approved by the Hospital Board of Trustees and the Chief Executive Officer of the Hospital.

TOGETHER WE CAN MAKE A DIFFERENCE

Dear Friends,

To say that COVID-19 has disrupted our lives is an understatement. The past year and one half has been a constantly changing landscape that challenged the Hospital and staff like nothing we have experienced previously. Our staff experienced tremendous generosity and support from the community, receiving meals, gift cards, and vocal recognition of the hard work providing health care to our community.

Soon after COVID vaccines became available in late 2020, life began the slow process of returning to normal. We welcomed the Auxiliary volunteers back to the gift shop in early June, the Foundation Board was able to meet in person soon after the end of the fiscal year, and planning began to resume for holding and attending community functions and events.

While the presence of COVID-19 continues to affect our daily lives, funding resources are beginning to re-emerge. The Hospital has also been fortunate to receive pandemic funding from State and Federal government which has helped in covering the expense of providing healthcare during the last year and the decrease in patient visits during the same time period.

You, however, have made a difference to the patients and families we serve each and every day. Your philanthropy has made a significant positive impact on the Hospital and the people we serve. Your support of Clarke County Hospital has helped our extraordinary team provide the highest level of health care and deliver on our promise "We deliver excellent, compassionate and personalized health care for the people in south-central Iowa." Your philanthropy has directly impacted the level of care we have been able to provide during these trying times through equipment purchases, technological improvements, and support services our patients and families receive.

The generosity and compassion you have given us have meant the world to our staff and gave us the motivation to continue on. Our community has united in a common goal of supporting healthcare needs in our community, and together, we have made a difference.

Please accept our deepest appreciation for your generous support of our community's patients and families.

Brian Evans, CEO
Clarke County Hospital

EVENTS

Through the majority of the year, the Hospital hosted no community events due to the pandemic's social distancing restrictions. For the first time in 14 years, the annual golf tournament that funds scholarships for area students who are attending school in pursuit of an education in a healthcare was not held. However the Foundation hosted a "please do not attend" fundraiser that raised more than \$4,000 and enough to offer four \$1,000 scholarships!

The Second Annual Foundation Plant and Garden Sale was held on May 1. The event raised \$1,000 for the Foundation and was a great way to meet and talk with people outside of a healthcare setting.

COMMUNITY GIVING

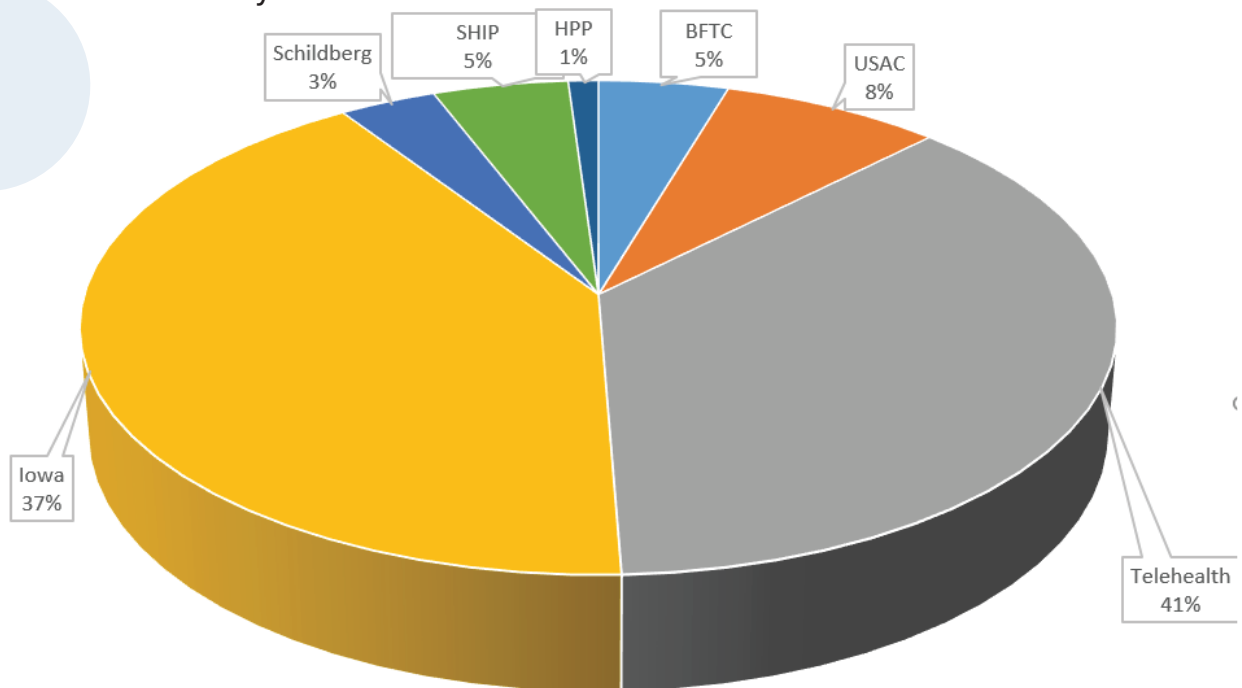

| | |
|-----------------------|-----------|
| Unrestricted Gifts | \$ 31,987 |
| FAA — EKG Donations | \$ 3,400 |
| Employee Giving Total | \$ 18,162 |

A YEAR OF ACCOMPLISHMENTS

GRANTS

COVID-19's continuous presence presented many fundraising challenges for the Hospital and Foundation. But, the stimulus funding that was approved by Congress to supplement healthcare's response provided opportunities that helped the Hospital overcome the many challenges and enhance our ability to provide health care to the community.

SUPPORT

OUR COMMUNITIES HEALTHCARE

Planned Giving

There are as many different ways to support Clarke County Hospital as there are needs to be supported. Potential benefactors of the Clarke County Hospital Foundation will want to consider a number of methods of supporting the Foundation financially. Charitable gift planning can be accomplished in many ways. Types of planned gifts include:

Bequests - through a will or other form of estate plan, a deferred gift can provide a gift beyond what current means allow

Beneficiary - designating the Foundation as a beneficiary of a retirement plan, life insurance, an annuity, or a will is a way to allow your gift to extend beyond your lifetime

Charitable Trust - various trusts can be used to provide value to you donor and provide a gift to the Foundation

Property - this can include a gift of securities, insurance policies, and real estate. In a rural community, there is the potential to include the Hospital Foundation as the beneficiary of farmland. Also, stocks, bonds and mutual funds can be donated, often with positive tax consequences for your estate

All gifts are deeply appreciated and significant. To make a charitable contribution to the Clarke County Hospital Foundation, please contact the Foundation at **641-342-5489** or tbahls@clarkehosp.org

Clarke County
Hospital Foundation

As a 501(c) non-profit organization, gifts to the Clarke County Hospital Foundation are tax deductible to the fullest extent of the law. Specific tax benefits can be discussed in more detail with your attorney or tax advisor
